

The 6th Aceanian Conference on Dye-sensitized and Organic Solar Cells (DSC-OPV6)

Join us to discuss state-of-the-art technologies

Reprinted from homepage: <http://panorama.photo-web.cc/>

This 6th conference on dye-sensitized, organic thin film, and hybrid type solar cells will be held at the world historical hot-spring resort, Beppu, Oita prefecture in Japan's south Island, Kyushu. Your participation is welcome from Far East and Pacific Rim countries and other nations to expand our discussion over state-of-the-art materials and technologies. Exhibition of DSC modules and related machineries will accompany as a conference activity. In addition, As options, Beppu city will provide many choices for excursions to Aso Fire Mountain and other historical points or to geothermal power generation spots, etc. This will be a rare chance for all foreign participants.

Date : October 17th (Mon) and 18th (Tue) with welcome party (16th).

19th (Wed) is also reserved for post-conference discussion.

Venue : Beppu International Convention Center—B-Con Plaza (Oita, Japan)

Optional Excursions : Aso fire mountain, Beppu Ropeway to Tsurumi Peak, Shidaka lake, natural power generation spots such as geothermal systems, etc.

DSC-OPV6 Conference Organizers:

T. Miyasaka (Chief chair, Toin Univ. Yokohama, Japan), H. Arakawa (Tokyo Univ. Science), S. Yanagida and H. Segawa (RCAST, Univ. Tokyo), Nam-Gyu Park (Sungkyunkwan Univ., Korea), Kang-Jin Kim (Korea Univ.), Songyuan Dai (CAS, China), Qingbo Meng (CAS, China), Yi Bing Cheng (Monash Univ., Australia), S. Hayase (Kyushu Inst. Tech., Japan), T. Toyota (Univ. Electro-Commun., Japan), A. Konno (Shizuoka Univ., Japan), Liyuan Han (NIMS Japan), Y. Yoshida (AIST Japan), T. Yoshida (Gifu Univ., Japan), etc.

Registration : 30,000 Jpn Yen, 10,000 Jpn Yen (student)
