Certificat COVID

COVID certificate

urn:uvci:01:CH:104E94CE66668AB5D92F54E1
Certificat établi le 02.08.2022 à 15:17
Certificate generated on 02.08.2022 at 15:17
Date format used: dd.mm.yyyy

Coordonnées

Personal data

Nom
Name Uchida Satoshi

Date de naissance
Date of birth 05.06.1965

Le certificat COVID a été délivré par
The COVID certificate was issued by

Office fédéral de la santé publique OFSP
Federal Office of Public Health FOPH

Le certificat COVID est valable uniquement sur présentation d'une pièce d'identité.
Le présent certificat n'est pas un document de voyage. Les preuves scientifiques relatives à la vaccination, aux tests et au rétablissement liés à la COVID-19 continuent d'évoluer, notamment en ce qui concerne de nouveaux variants préoccupants du virus. Avant de voyager, veuillez vérifier les mesures de santé publique applicables et les restrictions connexes applicables sur le lieu de destination. Conservez soigneusement ce document, même si vous avez enregistré le certificat dans l'application.

The COVID certificate is only valid on presentation of an identity document.
This certificate is not a travel document. The scientific evidence on COVID-19 vaccination, testing and recovery continues to evolve, also in view of new virus variants of concern. Before travelling, please check the applicable public health measures and related restrictions applied at your destination. Keep this document safe, even if you have saved the certificate in the app.

Utilisez le certificat COVID en papier ou dans l'application

MICROBIOLOGY

Passport number T52896342

Please check the number of the identity document used during the trip as soon as you receive the medical result.
 Hotline Covid : 058 400 17 71

Molecular biology

SARS-CoV-2 amplification (Hologic method) negative

PCR (TMA Amplification: Ct are not available).
 A negative result does not rule out the possibility of infection with the COVID-19 virus. In case of a negative result in a patient with a strong suspicion of infection, a new sample should be taken (Laboratory testing for coronavirus disease (COVID-19) in suspected human cases: Interim guidance. WHO 19 March 2020).
